YOUR TRADES TRAINING

It's an exciting time to be in the skilled trades industry! BC is growing and so is the demand for skilled tradespeople in the province. Almost one million jobs are expected to be created by 2025 in BC, many of them being in the construction industry.

With the increasing number of retirees in the trades community, there is a need for more driven individuals like you to pursue careers in trades. From the building you're sitting in right now to the cars you drove to get there, there are a number of tradespeople that were involved in the design, creation, and maintenance of them.

Congratulations on starting your journey to certification. You are on your way to becoming a key contributor to BC's trade industry and your community.

ABOUT INDUSTRY TRAINING AUTHORITY:

The Industry Training Authority (ITA) leads and coordinates British Columbia's skilled trades system. ITA works with employers, employees, industry, labour, training providers, and government to issue credentials, manage apprenticeships, set program standards, and increase opportunities in the trades.

APPRENTICESHIP RESPONSIBILITIES

Work-Based Hours (WBT) – Reporting your work-based training hours is essential to completing your Apprenticeship. It is your responsibility to confirm with your Sponsor/Employer that your hours have been reported to ITA and applied to your Apprenticeship record.

If your previous Employer has not submitted work based hours for you, the WBT form allows your current Sponsor/Employer to sign off those hours.

You can find a copy of the **work-based training form** here:

www.itabc.ca/sites/default/files/docs/apply/forms/CS005.4-Work-Based-Training-Report.pdf

Sponsor/Employer – If you have changed your employer it is important to update your Apprenticeship records with this information. Sponsors have the responsibility to sign off work hours and Recommendation for Certification for completion.

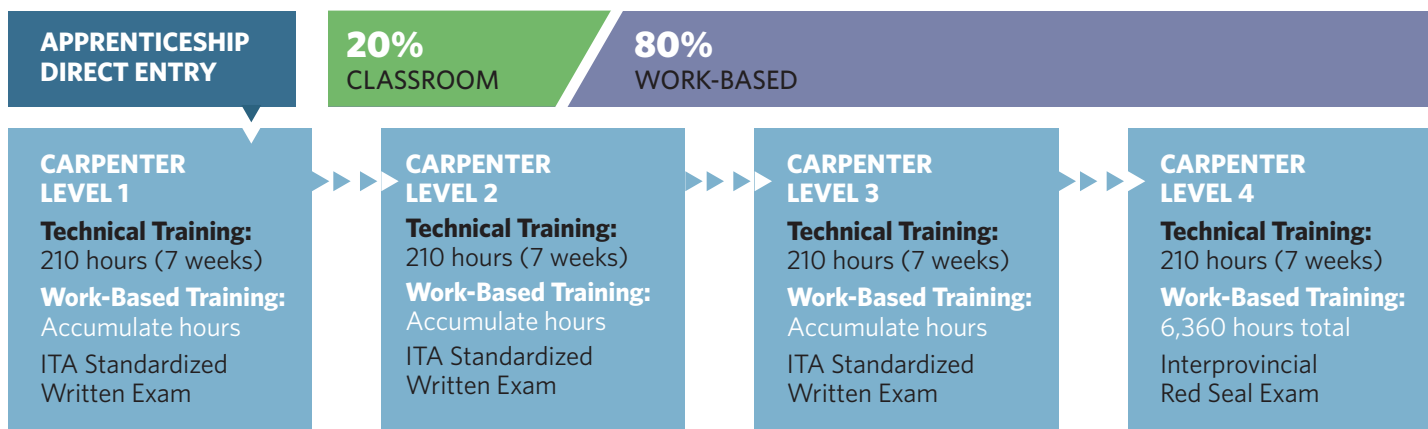

Contact Information – It is your responsibility to ensure your contact information is up to date (address, phone, name changes, etc.) This can be done by logging into Direct Access or phoning Customer Service.

Direct Access – By logging into Direct Access you can view your Apprenticeship records (transcripts, exam marks, etc). www.itabc.ca/apply-apprenticeship/direct-access

Technical Training Registration – Speak with your employer about when will be a good time for you to go back to school for your next level of technical training. Once you and your employer have agreed on a time, it is your responsibility to register for technical training. A list of Designated Training Providers can be found here, www.tradetrainingbc.ca.

It is recommended to have the conversation with your employer and register for technical training ahead of time, as classrooms have limited space.

APPRENTICESHIP PATHWAY - MAPPING YOUR WAY TO CERTIFICATION

Suggested duration based on 30-hour week

GAINING COMPETENCIES

Below are skills and knowledge you will gain from technical and hands on training.

Program competencies can change. Check Program Outline, link below, for accuracy.

www.itabc.ca/sites/default/files/docs/Carpenter-Program-Outline-Jan-2019-Harmonized.pdf

✓ CARPENTER LEVEL ONE

Safe Work Practices

- Apply Shop and Site Safety Practices
- Apply Personal Safety Practices

Documentation and Organizational Skills

- Use Construction Drawings and Specifications
- Interpret Building Codes and Bylaws
- Plan and Organize Work
- Perform Trade Math

Tools and Equipment

- Use Hand tools
- Use Portable Power Tools
- Use Stationary Power Tools

Survey Instruments and Equipment

- Use Levelling Instruments and Equipment

Access, Rigging and Hoisting Equipment

- Use Ladders, Scaffolds, and Access Equipment
- Use Rigging and Hoisting Equipment

Site Layout

- Lay Out Building Locations

Concrete Formwork

- Use Concrete Types, Materials, Additives and Treatments
- Select Concrete Forming Systems
- Build Footing and Vertical Formwork
- Build Slab-On-Grade Forms and Suspended Slab Forms
- Install Reinforcement and Embedded Items
- Place and Finish Concrete

Wood Frame Construction

- Described Wood Frame Construction
- Select Framing Materials
- Build Floor Systems
- Build Stair Systems
- Build Decks and Exterior Structures

Building Science

- Control the Forces Acting on a Building

✓ CARPENTER LEVEL TWO

Documentation and Organizational Skills

- Use Construction Drawings and Specifications
- Interpret Building Codes and Bylaws

Tools and Equipment

- Use Portable Power Tools
- Use Stationary Power Tools
- Use Oxy-Fuel Equipment

Survey Instruments and Equipment

- Use Site Layout Equipment

Site Layout

- Lay Out Building Locations

Concrete Formwork

- Build Slab-On-Grade Forms and Suspended Slab Forms
- Place and Finish Concrete

✓ CARPENTER LEVEL THREE

Wood Frame Construction

- Select Framing Materials
- Build Wall Systems
- Build Stair Systems
- Build Roof Systems

Finishing Materials

- Describe Roofing Materials
- Install Doors and Hardware
- Install Windows and Hardware
- Install Exterior Finishes

Building Science

- Control the Forces Acting on a Building
- Control Heat and Sound Transmission
- Control Air and Moisture Movement in Buildings

Documentation and Organizational Skills

- Use Construction Drawings and Specifications
- Interpret Building Codes and Bylaws

Tools and Equipment

- Use Hand tools
- Use Stationary Power Tools

Site Layout

- Apply Excavation and Shoring Practices

Concrete Formwork

- Use Concrete Types, Materials, Additives and Treatments
- Select Concrete Forming Systems
- Build Footing and Vertical Formwork
- Build Slab-On-Grade Forms and Suspended Slab Forms
- Install Reinforcement and Embedded Items
- Build Concrete Stair Forms
- Install Specialized Formwork

Wood Frame Construction

- Build Roof Systems

Finishing Materials

- Install Doors and Hardware
- Install Interior Finishes
- Install Cabinets
- Install Interior Floor, Ceiling and Wall Systems

✓ CARPENTER LEVEL FOUR

Documentation and Organizational Skills

- Interpret Building Codes and Bylaws
- Plan and Organize Work

Survey Instruments and Equipment

- Use Site Layout Equipment

Site Layout

- Prepare Building Site

Wood Frame Construction

- Build Stair Systems
- Build Roof Systems
- Build Specialized Framing Systems
- Perform Renovations and Additions
- Build Timber and Engineered Wood Construction
- Build Decks and Exterior Structures

Finishing Materials

- Install Interior Finishes
- Install Interior Floor, Ceiling and Wall Systems

Building Science

- Control the Forces Acting on a Building

STANDARD LEVEL EXAMS

Standard Level Exams (SLEs) are usually written on the last day of in-school training and will count for 20% of your overall mark.

Below is a list for general areas of competencies covered in SLEs for each level.

The list of competencies covered in the SLEs can change. Check the **Exam Weighting Charts** for accuracy at: www.itabc.ca/program/carpenter

LEVEL 1	LEVEL 2	LEVEL 3
<ul style="list-style-type: none"> A. Safe Work Practices B. Documentation and Organizational Skills C. Tools and Equipment D. Survey Instruments and Equipment E. Access, Rigging and Hoisting Equipment F. Site Layout G. Concrete Formwork H. Wood Frame Construction J. Building Science 	<ul style="list-style-type: none"> B. Documentation and Organizational Skills C. Tools and Equipment D. Survey Instruments and Equipment F. Site Layout G. Concrete Formwork H. Wood Frame Construction I. Finishing Materials J. Building Science 	<ul style="list-style-type: none"> B. Documentation and Organizational Skills C. Tools and Equipment F. Site Layout G. Concrete Formwork H. Wood Frame Construction I. Finishing Materials

REMINDERS

- You must bring a piece of Government PHOTO identification. The ID must be VALID and CURRENT. Expired IDs and IDs with no expiry date will not be accepted.
- Your Training Provider will inform you of the time and location of the exam. Arrive early.

RED SEAL INTER-PROVINCIAL EXAM

The Red Seal Inter-Provincial Exam covers a whole range of competencies from all your levels of technical training.

The table below is a general breakdown of areas of competencies covered in the Red Seal IP exam.

The areas of competencies covered in the Red Seal IP exam can change. Check **Occupational Standard for current exams** at www.red-seal.ca/trades/c.1rp.2nt.2r-eng.html for accuracy.

BLOCK A Common Occupational Skills	Task 1	Uses and maintains tools and equipment
	Task 2	Performs safety related activities
	Task 3	Uses building materials
	Task 4	Builds and uses temporary access equipment
BLOCK B Planning and Layout	Task 5	Interprets documentation
	Task 6	Organizes work
	Task 7	Performs layout
BLOCK C Concrete	Task 8	Constructs formwork
	Task 9	Installs concrete, cement-based and epoxy products
BLOCK D Framing	Task 10	Constructs floor systems
	Task 11	Constructs deck systems
	Task 12	Constructs wall systems
	Task 13	Constructs roof and ceiling systems
BLOCK E Exterior Finish	Task 14	Installs exterior doors and windows
	Task 15	Installs roofing
	Task 16	Installs exterior finishes
BLOCK F Interior Finish	Task 17	Applies wall and ceiling finishes
	Task 18	Installs flooring
	Task 19	Installs interior doors and windows
	Task 20	Constructs and installs finish components and stairs
BLOCK G Renovations	Task 21	Performs renovation - specific support activities
	Task 22	Performs renovation - specific construction activities

Note: Based on the Carpenter National Occupational Analysis (NOA).

A copy of the Carpenter NOA is available at

www.red-seal.ca

FINAL PIECE FOR YOUR RED SEAL INTER-PROVINCIAL CERTIFICATION

Once you passed your red seal exam these are the next steps:

1. Ensure your work-based training hours have been submitted and reached achieved status. Check your status in Direct Access.
2. The Recommendation for Certification (RFC) will be automatically emailed to your Sponsor/Employer. Once received, both the Sponsor and Journey person will sign the form and submit to ITA for processing.
3. ITA will verify and process the RFC, the Certificates will then be printed for mailing.
 - Certificates are mailed to your Sponsor.
 - If your Sponsor had indicated on the RFC form to send Certificates to the Apprentice, they will be mailed to the address noted on your Apprenticeship record in Direct Access.

FREQUENTLY ASKED QUESTIONS

HOW DOES MY SPONSOR/ EMPLOYER SUBMIT HOURS?

The sponsor/employer will submit Work Based Training Hours via Direct Access, email, mail, or fax.

WHAT IF I WORKED FOR A SPONSOR/ EMPLOYER AND THEY DID NOT SUBMIT MY HOURS?

You can talk to your current sponsor to see if they are willing to submit the hours for the work you did previously on a work based training report.

DOES MY SPONSOR/EMPLOYER HAVE TO LET ME GO TO SCHOOL?

You need to discuss your plans for school with your sponsor/employer to see if they are able to release you to go to school. Let them know of upcoming training locations and dates.

HOW DO I KNOW WHAT MY GRADES ARE FOR SCHOOL?

The Trades Training school will submit your marks to ITA. You and your sponsor/employer will receive a notice by email.

WHERE DO I GET MY PROGRESSION LETTER?

Upon completion of your technical training and required work-based hours for Level 1 and 2, ITA will send you the Progression Letter by email. Required number of work place hours by level can be found at

www.itabc.ca/grants-tax-credits/grants

You will need this Progression Letter to apply for your Apprenticeship Incentive Grant.

www.servicecanada.gc.ca/eng/goc/apprenticeship/incentivegrant/program.shtml

WHEN I FINISH ALL MY TRAINING AND REQUIRED HOURS, AM I CERTIFIED?

No, first ITA will email the Employer Recommendation for Certification document to your sponsor after you have passed the Red Seal Inter-Provincial Exam. This must be signed by a certified tradesperson (your trade) and returned to ITA. ITA will send your Certificate of Apprenticeship, Certificate of Completion and Interprovincial Red Seal Endorsement certificates to your sponsor/employer.

ARE THERE ANY GRANTS FOR FINISHING MY CERTIFICATION?

Yes. You can apply for the Apprenticeship Completion Grant once you receive your Red Seal Inter-Provincial Endorsement Certificate. You will need a copy of your certificate to apply.

www.servicecanada.gc.ca/eng/goc/apprenticeship/completiongrant/application.shtml

ARE THERE ANY INCENTIVES FOR MY EMPLOYER?

Employers can apply for Tax Credits as their apprentice progresses through the trade. The tax information letter can be found on Direct Access.

FINANCIAL SUPPORT FOR APPRENTICES

As a registered apprentice, you can apply for financial support. You're also eligible to apply for Employment Insurance. Federal and provincial financial support information can be found in the two links below:

www.itabc.ca/grants-tax-credits/grants

www.esdc.gc.ca/en/reports/apprentices/support_brochure.page
