Subject: Transition to Harmonized Program Update

From: ITA Program Standards

Effective Date: Immediately

Summary: The current year of the Construction Electrician and Industrial Electrician Transition Plan (Year 3, December 1, 2020 – Nov 30, 2021) shows dual streaming of CE CL3 and IE CL3 with HL3. As discussed in the transition webinar held October 14, 2020, there may be training providers who are no longer able to offer CL3 classes during Year 3 of the transition plan. In this case, **training providers are permitted to register a CL2 student in an HL3 class. Training Providers are encouraged to cover gaps in content in a way that suits their delivery model.** See [Transition plan Version 3](#) page 20-21 for missing competencies (Gap B).

Although it is not shown on the plan until year 4, in the remainder of Year 3 Training Providers may request 4 days of funding from ITA Training Investment in order to cover the gaps in content for CE or IE CL2 students who are transitioning to Harmonized Level 3. See below for information on the delivery of training provider support.
