

INDUSTRIAL ELECTRICIAN

Occupation Description

Industrial Electricians inspect, install, test, troubleshoot, repair, and service industrial electrical equipment and associated electrical and electronic controls. Service includes calibration and preventative/predictive maintenance. Industrial electricians are employed by maintenance departments of plants, mines, smelters, oil and gas operations, mills, shipyards, utility companies, manufacturing facilities and other industrial establishments. Some are employed by electrical contractors.

For detailed information on the scope of knowledge and skills taught and assessed in this program refer to the Program Outline, available on the ITA website.

Pathways to Certification

In BC, an individual can become certified as an Industrial Electrician by completing the Industrial Electrician Apprenticeship program or by challenging the certification. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Youth can begin an apprenticeship in high school through the Youth Train in Trades or Youth Work in Trades programs. The Youth Work in Trades program is available for any trade if an employer is willing to sponsor the student. Trades offered through the Youth Train in Trades vary by region; contact your local school district to find out which technical training programs are being offered through the Youth Train in Trades program in your region.

Foundation programs, where available, provide adults and youth who do not have work experience nor employer sponsorship with an opportunity to gain the knowledge and skills needed to enter the occupation. Individuals who wish to enroll in a Foundation program must register directly with the training provider.

Recommended Education

The following education is **recommended** for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Recent Grade 12 graduate (within the past 5 years) with demonstrated mechanical aptitude, and:
 - Principles of Mathematics 11 or 12, Pre-calculus 11 or 12, or equivalent
 - English 12 or Communications 12
 - Physics 11 or 12

OR

- Recent Electrical Foundation Program Graduate (ELTT within the past 5 years) of an ITA approved program.

Industry strongly recommends that apprentices considering attending Level 1 Construction Electrician technical training have at least one year of work-based training as an electrical apprentice before beginning their in-school technical training.

ITA Registration

Individuals who wish to begin an apprenticeship in this program must register with ITA along with their sponsor. Application forms for all programs are available from the ITA website. Online registration is also available for most programs through the ITA website.

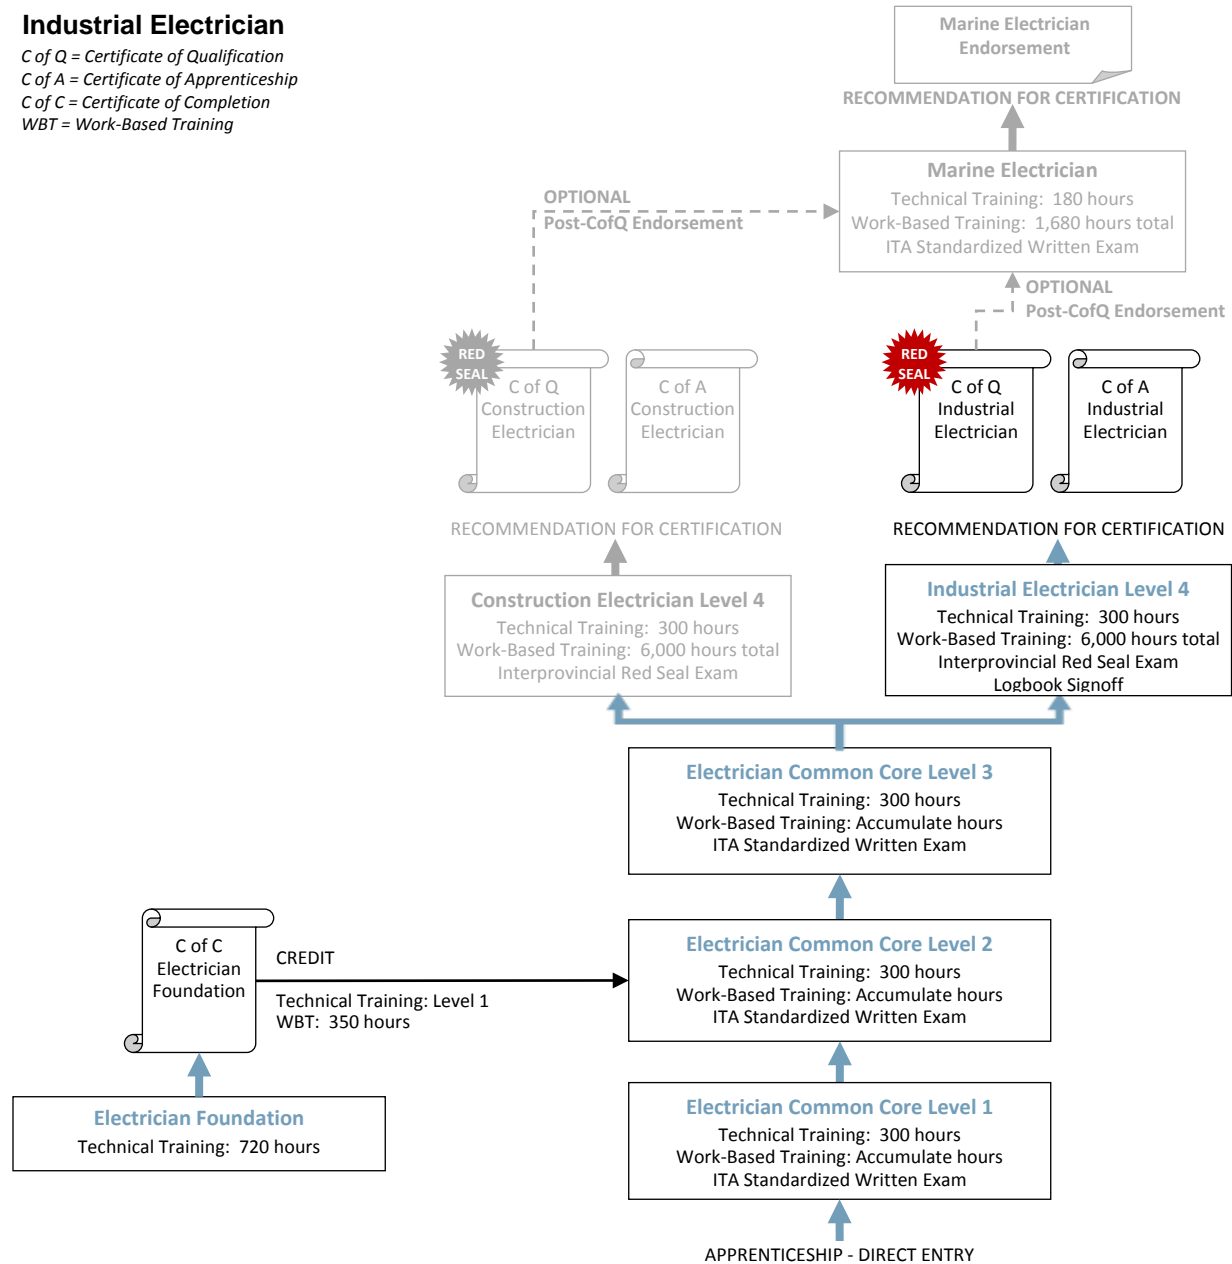

Those who wish to challenge the Industrial Electrician certification must complete the Industrial Electrician Challenge Application and submit it to ITA. Challenge applications are assessed for proof of workplace hours and scope of experience prior to acceptance of the individual into the Challenge pathway.

Apprenticeship Pathway with Optional Endorsement

This graphic provides an overview of the Industrial Electrician apprenticeship pathway.

Industrial Electrician

C of Q = Certificate of Qualification
C of A = Certificate of Apprenticeship
C of C = Certificate of Completion
WBT = Work-Based Training

CROSS-PROGRAM CREDITS

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

Apprenticeship Program Standards

Credentials Awarded	<ul style="list-style-type: none"> ▪ Industrial Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement ▪ Industrial Electrician – Certificate of Apprenticeship

Program Duration	<p>Duration varies depending on how training is delivered, but the program generally takes 4 years to complete.</p> <p>The technical training requirement is typically met through block-release training (full-time, at school) delivered by an ITA-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.</p>												
Sign-off Authority	<p>Credentials eligible to sign-off on the Industrial Electrician Logbook and Recommendation for Certification:</p> <ul style="list-style-type: none"> ▪ Industrial Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement ▪ Industrial Electrician – Certificate of Qualification ▪ Construction Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement ▪ Construction Electrician – Certificate of Qualification ▪ Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement ▪ Electrician – Certificate of Qualification 												

Apprenticeship Program Standards

Challenging a Level The following levels of technical training can be challenged for advanced placement in this program

Level

- None

Cross-Program Credits Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

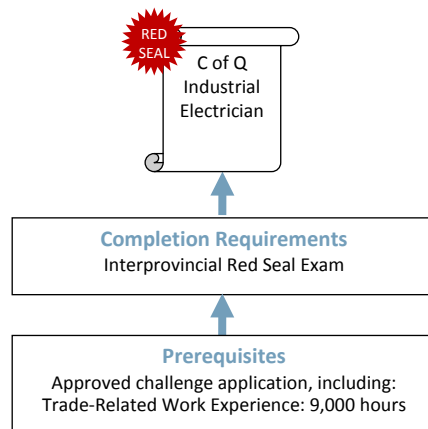

Credential	Credit(s) Granted
Construction Electrician – Certificate of Qualification	<ul style="list-style-type: none"> ▪ Technical Training: Level 1, 2 & 3 ▪ Work-Based Training: 4,500 hours
Construction Electrician – Level 1 & 2 Technical Training	<ul style="list-style-type: none"> ▪ Technical Training: Level 1 and 2 ▪ Work-based Training: None

Challenge Pathway

This graphic provides an overview of the Industrial Electrician challenge pathway.

C of Q = Certificate of Qualification

CREDIT FOR PRIOR LEARNING

Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program

Challenge Program Standards

Credentials Awarded Industrial Electrician – Certificate of Qualification with Interprovincial Red Seal endorsement

ITA Registration Prerequisites An approved Challenge Application, which includes:

- 9,000 documented hours of directly related experience working in the occupation

Credit for Prior Learning Individuals who hold the credentials listed below are considered to have met, or partially met, the prerequisites for challenging this program:

Credential	Credit(s) Granted
Military certificate in Electrical Technician MT #125 / Marine Electrician MT #331/332, QL5 or higher	▪ Work Experience: 9,000 hours
Construction Electrician – Certificate of Qualification	▪ Work Experience: 6,000 hours

Completion Requirements Certification as an Industrial Electrician is awarded upon successful completion of:

Requirement	Level of Achievement Required
Interprovincial Red Seal Exam	▪ Minimum 70%

Foundation Program

Refer to the Apprenticeship pathway diagram for this program to see how the Electrician Foundation program leads to apprenticeship in this trade.

Foundation Program Standards

Credentials Awarded	Electrician – Certificate of Completion				
Enrollment Prerequisites	Contact training provider. Prerequisites vary between training institutions				
Completion Requirements	A Certificate of Completion in this program is awarded upon successful completion of: <table style="width: 100%; margin-top: 10px;"> <thead> <tr> <th style="width: 50%;">Requirement</th> <th style="width: 50%;">Level of Achievement Required</th> </tr> </thead> <tbody> <tr> <td>Technical Training</td> <td> <ul style="list-style-type: none"> ▪ Minimum 70% </td> </tr> </tbody> </table>	Requirement	Level of Achievement Required	Technical Training	<ul style="list-style-type: none"> ▪ Minimum 70%
Requirement	Level of Achievement Required				
Technical Training	<ul style="list-style-type: none"> ▪ Minimum 70% 				
Program Duration	Duration varies depending on how training is delivered, but program generally takes 720 hours to complete.				
Credit toward Apprenticeship	Individuals who complete the Electrician Foundation program will receive the following credit toward completion of the Construction Electrician apprenticeship program: <ul style="list-style-type: none"> ▪ Technical Training: Level 1 Electrician Common Core ▪ Work-based Training: 350 hours 				

Marine Electrician Endorsement Program

Refer to the Apprenticeship pathway credentialing model for this program to see how the Marine Electrician Endorsement program fits into the apprenticeship pathway for this occupation.

Marine Electrician Endorsement Program Standards

Credentials Awarded	<ul style="list-style-type: none"> ▪ Marine Electrician Endorsement 										
ITA Registration Prerequisites	<ul style="list-style-type: none"> ▪ Agreement signed by the employer to sponsor the apprentice ▪ Certificate of Qualification with Red Seal Endorsement in a qualifying trade: <ul style="list-style-type: none"> ○ Construction Electrician OR ○ Industrial Electrician 										
Completion Requirements	<p>Certification as a Marine Electrician is awarded upon successful completion of:</p> <table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; border-bottom: 1px solid black;">Requirement</th> <th style="text-align: left; border-bottom: 1px solid black;">Level of Achievement Required</th> </tr> </thead> <tbody> <tr> <td>Technical Training</td> <td> Minimum 70% in each level of technical training: <ul style="list-style-type: none"> ▪ Level 1: 180 hours </td> </tr> <tr> <td>ITA Standardized Written Exam</td> <td> <ul style="list-style-type: none"> ▪ Minimum 70% </td> </tr> <tr> <td>Work-Based Training</td> <td> <ul style="list-style-type: none"> ▪ 1,680 hours </td> </tr> <tr> <td>Recommendation for Certification</td> <td> <ul style="list-style-type: none"> ▪ Recommendation for certification signed by the Sponsor and an individual holding credentials eligible for sign-off authority </td> </tr> </tbody> </table>	Requirement	Level of Achievement Required	Technical Training	Minimum 70% in each level of technical training: <ul style="list-style-type: none"> ▪ Level 1: 180 hours 	ITA Standardized Written Exam	<ul style="list-style-type: none"> ▪ Minimum 70% 	Work-Based Training	<ul style="list-style-type: none"> ▪ 1,680 hours 	Recommendation for Certification	<ul style="list-style-type: none"> ▪ Recommendation for certification signed by the Sponsor and an individual holding credentials eligible for sign-off authority
