

## MOTOR VEHICLE BODY REPAIRER (METAL & PAINT) (AUTOMOTIVE COLLISION REPAIR TECHNICIAN)

---

### Occupation Description

“Automotive Collision Repair Technician” means a person who repairs, adjusts and replaces sheet metal and allied parts of automobiles, trucks and buses

For detailed information on the scope of knowledge and skills taught and assessed in this program refer to the Program Outline, available on the ITA website.

### Pathways to Certification

In BC, an individual can become certified as an Automotive Collision Repair Technician by completing the Automotive Collision Repair Technician program or by challenging the certification. Apprenticeship programs are for individuals who have an employer to sponsor them and challenge programs are for individuals who have extensive experience working in the occupation and wish to challenge the certification.

Youth can begin an apprenticeship in high school through the Youth Train in Trades or Youth Work in Trades programs. The Youth Work in Trades program is available for any trade if an employer is willing to sponsor the student. Trades offered through the Youth Train in Trades vary by region; contact your local school district to find out which technical training programs are being offered through the Youth Train in Trades program in your region.

Foundation programs, where available, provide adults and youth who do not have work experience or employer sponsorship with an opportunity to gain the knowledge and skills needed to enter the occupation. Individuals who wish to enroll in a Foundation program must register directly with the training provider.

### Recommended Education

The following education is recommended for apprentices entering this occupation. These are not prerequisites, but rather a desired level of skill or knowledge that will contribute to success in the industry.

- Grade 10 or equivalent including English 10, Mathematics 10 and Science10
- Preferred: Grade 12

### ITA Registration

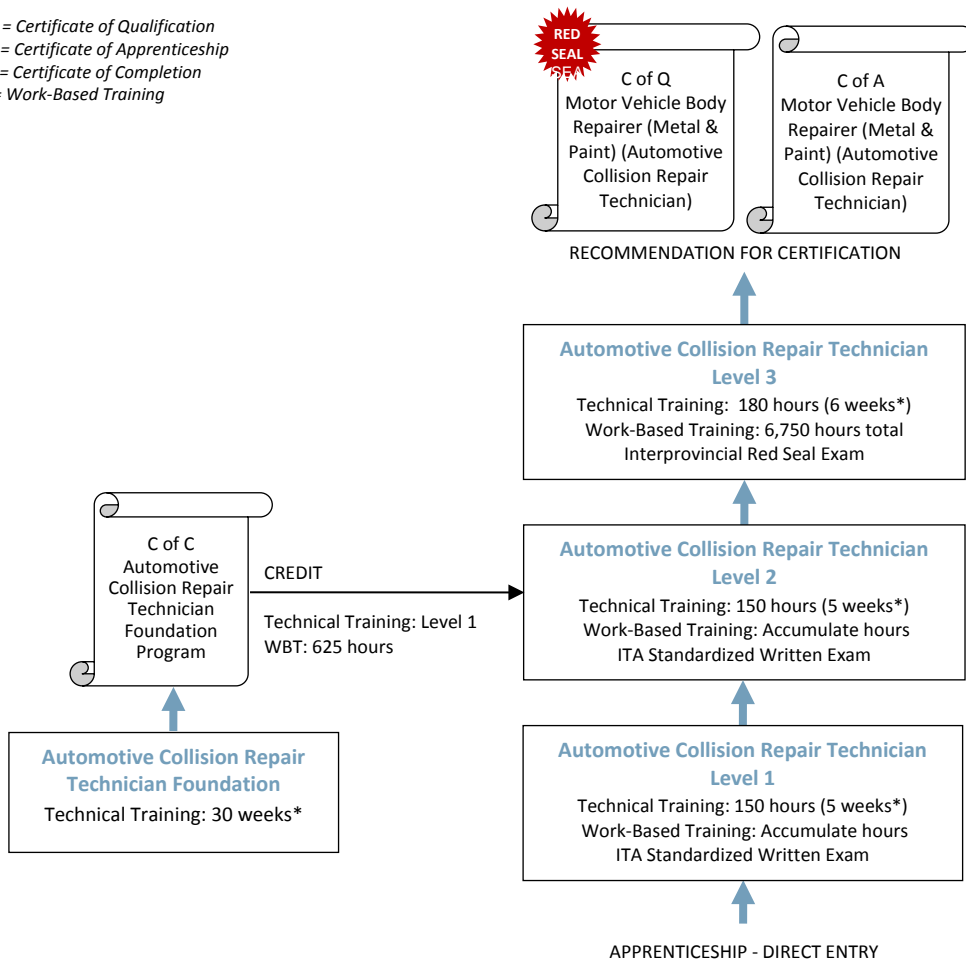

Individuals who wish to begin an apprenticeship in this program must register with ITA along with their sponsor. Application forms for all programs are available from the ITA website. Online registration is also available for most programs through the ITA website.

Those who wish to challenge the Automotive Collision Repair Technician certification must complete the Automotive Collision Repair Technician Challenge Application and submit it to ITA. Challenge applications are assessed for proof of workplace hours and scope of experience prior to acceptance of the individual into the Challenge pathway.

### Apprenticeship Pathway

This graphic provides an overview of the Motor Vehicle Body Repairer (Metal & Paint) (Automotive Collision Repair Technician) apprenticeship pathway.

*C of Q = Certificate of Qualification*  
*C of A = Certificate of Apprenticeship*  
*C of C = Certificate of Completion*  
*WBT = Work-Based Training*

*\*Suggested duration based on 30-hour week*

**CROSS-PROGRAM CREDITS**

*Individuals who hold the credentials listed below are entitled to receive partial credit toward the completion requirements of this program*

**Apprenticeship Program Standards**

<b>Credentials Awarded</b>	<ul style="list-style-type: none"> <li>▪ Motor Vehicle Body Repairer (Metal &amp; Paint) (Automotive Collision Repair Technician) – Certificate of Qualification with Interprovincial Red Seal endorsement</li> <li>▪ Motor Vehicle Body Repairer (Metal &amp; Paint) (Automotive Collision Repair Technician) – Certificate of Apprenticeship</li> </ul>
----------------------------	---

<b>ITA Registration Prerequisites</b>	▪ Agreement signed by the employer to sponsor the apprentice
---------------------------------------	--

**Completion Requirements** Certification as an Automotive Collision Repair Technician is awarded upon successful completion of:

Requirement	Level of Achievement Required
Technical Training	Minimum 70% in each level of technical training: <ul style="list-style-type: none"> <li>▪ Level 1: 150 hours (or 5 weeks*) and ITA standardized written exam</li> <li>▪ Level 2: 150 hours (or 5 weeks*) and ITA standardized written exam</li> <li>▪ Level 3: 180 hours (or 6 weeks*)</li> </ul>
Interprovincial Red Seal Exam	▪ Minimum 70%
Work-Based Training	▪ 6,750 hours
Recommendation for Certification	▪ Recommendation for certification signed by the Sponsor and an individual holding credentials eligible for sign-off authority

*(\*Assuming 30 hours in school per week)*

**Program Duration** Duration varies depending on how training is delivered, but the program generally takes 4 years to complete.

The technical training requirement is typically met through block-release training (full-time, at school) delivered by an ITA-approved training provider. It can also be met through approved alternative training models (e.g., distance education, online, part-time) and/or level challenge where these options are available.

**Sign-off Authority** Credentials eligible to sign-off on the Recommendation for Certification:

- Automotive Collision Repair Technician – Certificate of Qualification
- Motor Vehicle Body Repairer (Metal & Paint) (Automotive Collision Repair Technician) – Interprovincial Red Seal endorsement
- ITA-issued letter authorizing supervision and sign-off of apprentices in this occupation

**Challenging a Level** The following levels of technical training can be challenged for advanced placement in this program:

Level	Prerequisites
▪ Level 1	▪ N/A
▪ Level 2	▪ N/A
